Every child is a gift from God

At Wellspring Life Ministry we know that every child is a gift, knit together in their mother's womb and made in the perfect image of the Creator. We also know that every woman and man struggling with an unexpected pregnancy, every teen suffering from the consequences of her decisions, and every woman overwhelmed with guilt and regret from an abortion is also a beloved child of God.

Each of these precious children of God need to know *His* perfect plan for their lives, as well as for their preborn babies.

At Wellspring Life Ministry, we care for 1,500 women a year with entirely free services: pregnancy testing and options counseling, 3D/4D ultrasounds, Abortion Pill Reversal, STD testing and sexual health counseling, parenting and adoption support, educational classes, post-abortion healing, and most importantly, sharing the hope of the Gospel – revealing His perfect plan for their lives. We do not accept government funding. Each life saved is made possible through generous gifts from churches, businesses, and individuals like you.

Please prayerfully consider how God might be calling you to partner with us in serving women, saving lives, and sharing Jesus.
